

Sustainable Port Chester Alliance

How can the United Hospital Project benefit all of Port Chester?

*Learn how a **Community Benefits Agreement** can benefit Port Chester at our next Town Hall meeting!*

Responsible redevelopment of the **United Hospital** site can generate economic development, create good jobs and strengthen our community. But Starwood's flawed proposal won't do that. That's why a growing number of Port Chester residents are speaking out against the plan and its \$59 million tax break, lack of good jobs, destruction of affordable homes, and potential for adverse effects on schools, traffic and the environment.

Is there a solution that could benefit everyone, including taxpayers, neighbors of the project, schoolchildren, workers, elected officials and Starwood? **Yes!** With a **Community Benefits Agreement** (CBA) Port Chester and Starwood could negotiate a deal to make sure this project benefits everyone!

To learn how a Community Benefits Agreement can benefit Port Chester...

Please attend our next Town Hall meeting!

7:00pm on Thursday, October 1st at the Knights of Columbus (327 Westchester Ave).

Sponsored by the ***Sustainable Port Chester Alliance***

• Port Chester Teachers Association • Port Chester/Rye NAACP • All Souls Parish • Don Bosco Workers • Communication Workers of America Local 1103 • Local 46 Metallic Lathers & Reinforcing Iron Workers • Building & Construction Trades Council of Westchester and Putnam Counties
